

WOS Educational Services

WOS proudly announces the formation of our new Educational Services Division that is dedicated to provide a myriad of workforce development services targeting early- to mid-career underserved and socially excluded talent. These programs will include the following education-based programs:

- **Workforce Leadership Seminars:** specifically designed to provide your senior leaders with effective strategies on how to find and retain talent emanating from local communities.
- **Development and Project Management:** train your line managers on techniques and best practices that improve assimilation of new staff and maximize productivity of these resources.
- **Assessment Techniques:** proven scientific and qualitative instruments that can be used to select workforce talent and how to measure individual growth.
- **Professional Development Courses:** that assist new and existing workforce staff to acclimate to your organization's cultures and expected performance criterias.
- **Individual Development Support:** that target specific employees that need individual assistance to improve or accelerate in their current roles and responsibilities.
- **Training Modules:** over 40 online courses that can receive completion certificates from Northeastern University.
